PROXY FORM

This Proxy Form is to be used if you nominate another adult to collect the PSLE results slip/S1 Option Form, submit the duly completed S1 Option Form or to register at the posted secondary school on your behalf.

This form may take you 5 minutes to fill in. Please take note of the following points when you fill in the form.

Important Notes:

- 1) The appointed proxy must be aged 21 and above.
- 2) The appointed proxy is required to bring the completed Proxy Form and supporting documents as listed below to the child's primary school. The supporting documents are:
 - A photocopy of the parents' NRIC (both sides)
 - A photocopy of the Birth Certificate of the pupil
 - A photocopy of the proxy's NRIC (both sides)

The appointed proxy is required to produce his/her original NRIC at the school when requested.

SECTION I: GENERAL INFORMATION

1 OVERVIEW

- 1.1 Primary Six (P6) pupils from mainstream primary schools can seek secondary school admission through the Secondary One (S1) Posting Exercise or the Direct School Admission-Secondary (DSA-Sec) Exercise. This booklet provides information on how to participate in the S1 Posting Exercise.
- 1.2 All pupils who pass the Primary School Leaving Examination (PSLE) are eligible to participate in the S1 Posting Exercise. This is with the exception of those who are successful in the DSA-Sec Exercise and do not qualify for any eligibility such as Third Language and/or Course Option based on their PSLE results. Pupils are posted to secondary schools based on merit according to three criteria: pupil's PSLE results, their choices of schools and the vacancies available in the schools.
- 1.3 The DSA-Sec Exercise provides pupils the opportunity to demonstrate a more diverse range of achievements and talents which could be considered by the participating schools in their application for secondary school admission. The DSA-Sec Exercise aims to promote holistic education by giving participating schools greater flexibility in selecting pupils while holding to the key principles of transparency and meritocracy. For more information, please refer to the MOE website at www.moe.gov.sg/education/admissions/dsa-sec.

2 S1 POSTING EXERCISE

- 2.1 The S1 Posting Exercise comprises the following three phases:
 - a. S1 Option Phase - this phase is for parents to submit their child's S1 options and/or secondary school choices.
 - b. School Posting Phase - this phase is for the posting of pupils to secondary schools taking into consideration their choices of schools.
 - c. Posting Results Release Phase - this phase is for the release of the school posting results. Pupils are to report to their posted secondary schools on the next working day after the release of the posting results.
- 2.2 P6 pupils who have applied to the Singapore Sports School (SSP) must participate in the S1 Posting Exercise as well. Upon release of the S1 posting results, these pupils may then seek a formal school transfer from their posted mainstream secondary school to the SSP. This will facilitate their re-admission to the mainstream secondary school system should they decide to leave the SSP subsequently.
- 2.3 With the introduction of the Integrated Programme (IP) in Victoria School (VS) and Cedar Girls' Secondary School (CGSS) from 2012 onwards, the two schools will offer both IP and 'O' Level Programme. P6 pupils can opt into the specific programme in these schools e.g. VS(IP) or VS('O' level programme), CGSS(IP) or CGSS('O' level programme). Each of these programmes will also have their specific Cut-off-Points.

[For information, Anglo-Chinese School (Independent), which is currently offering both IP and 'O' Level Programme, does not offer pupils the option to select the programmes as the admission to the programmes is decided by the school.]

3 DSA-SEC EXERCISE - SCHOOL ALLOCATION OUTCOME

- 3.1 P6 pupils who have participated in the DSA-Sec Exercise will be informed of the school allocation results, together with the release of the PSLE results.

SUCCESSFUL PUPILS

- 3.2 Successful DSA pupils will be informed of the DSA school they have been admitted to through their primary school. They will not be allowed to make any school choices in the S1 Posting Exercise.
- 3.3 Successful DSA pupils who are eligible for and wish to offer a Third Language must exercise their Third Language options by submitting their S1 Option Form via the S1 Internet System (S1-IS) or through their primary school.
- 3.4 Successful DSA pupils with PSLE results within the Express/Normal (Academic) course option band or the Normal (Academic)/Normal (Technical) course option band must opt for a course by submitting their S1 Option Form via the S1-IS or through their primary school. If no options are made, it would be assumed that the pupil would like to be admitted to the more academically-demanding course i.e. Express course for the Express/Normal (Academic) course option band and Normal (Academic) course for the Normal (Academic)/Normal (Technical) course option band.

UNSUCCESSFUL PUPILS

- 3.5 Unsuccessful DSA pupils must indicate their school choices in the S1 Posting Exercise by submitting their S1 Option Form via the S1-IS or through their primary school. These pupils will be able to opt for their preferred schools, including schools that had not been able to offer them a place under the DSA-Sec Exercise.

SECTION II: S1 OPTION PHASE

4 S1 OPTION FORM & ELIGIBILITY LETTER

S1 OPTION FORM

- 4.1 P6 pupils who pass the PSLE will each receive a personalised S1 Option Form (see Reference A for a sample) together with their PSLE results slip. This is with the exception of those who are successful in the DSA-Sec Exercise and do not qualify for any eligibility such as Third Language and/or Course Option based on their PSLE results.
- 4.2 Pupils are required to hand the S1 Option Form to their parents. The form must be sealed when first received as it contains a unique password (S1 PIN) for parents to submit their child's S1 options through the S1 Internet System (S1-IS). Parents should inform their child's primary school immediately if the form is not sealed. To prevent any unauthorised access to the S1-IS, parents should keep the S1 PIN confidential.
- 4.3 Parents and pupils who are not in Singapore to collect their child's PSLE results slip and S1 Option Form may authorise a proxy to collect them from their child's primary school.

ELIGIBILITY LETTER

- 4.4 Pupils, including those successful in the DSA-Sec Exercise, who are eligible for any of the following will each receive a personalised 'Eligibility Letter' informing them of their eligibilities:
- a. Express/ Normal (Academic) and Normal (Academic)/ Normal (Technical) - Pupils who just meet the qualifying PSLE aggregate for the Express course will be given an alternative option to take up the N(A) course. Pupils who just meet the qualifying PSLE aggregate for the N(A) course will be given an alternative option to take up the N(T) course. PSLE pupils who are in these categories must exercise their course options in the S1 Option Form and submit the form either electronically via the S1-IS or physically to the child's primary school.
- b. Bonus Points for Admission to Special Assistance Plan (SAP) Schools - Pupils in the top 30% of the PSLE cohort who take Higher Chinese at the PSLE will be given bonus points for admission to SAP schools according to the following table:

Higher Chinese Grade	Bonus Point
Distinction	3
Merit	2
Pass	1

- c. Higher Mother Tongue Language (HMTL) - Pupils may opt to offer HMTL (viz. Higher Chinese/ Higher Malay/ Higher Tamil) from S1 onwards if they offer MTL or HMTL at the PSLE and are in the
- Top 10% of the PSLE cohort; or
 - Top 11% - 30% of the PSLE cohort and meet the language criteria i.e. an A* grade in the MTL or at least a Merit in HMTL.

Interested pupils can apply to offer HMTL when they report to their secondary school in late-December. They will attend HMTL lessons at their school if the school offers the course, or in a designated centre if the school does not (see Reference B for the list of schools and designated centres offering HMTL).

[For information: A pupil who obtains a grade of A1 to C6 for both English and HMTL at the GCE 'O' Level Examination and qualifies for admission to a Junior College (JC)/Millennia Institute (MI) will be given a concession of two points in his application to the JC/MI of his choice via the Joint Admissions Exercise (JAE).]

- d. Third Language - Eligible pupils may apply to offer a Third Language viz. Chinese (Special Programme) [CSP]/ Malay (Special Programme) [MSP]/ Bahasa Indonesia (BI)/ Arabic/ French/ German/ Japanese from S1 onwards. Interested pupils should exercise their Third Language option(s).

[For information: A pupil who obtains a grade of A1 to C6 for CSP/ MSP/ BI at the GCE 'O' Level Examination and qualifies for admission to a JC/MI will be given a concession of two points in his application to the JC/MI of his choice via the JAE. A pupil who offers CSP/ MSP/ BI in the GCE 'O' Level Examination will be allowed to use the respective CSP/ MSP/ BI grade in lieu of a Humanities subject grade for admission to the JC/MI.]

- e. Edusave Entrance Scholarships for Independent Schools (EESIS) - Pupils who are Singapore Citizens (SC) and meet the academic requirements based on their PSLE results will be eligible for the EESIS tenable at all Independent Schools (IS). They will be offered the scholarship if they are successfully admitted to an IS at S1.

P6 Gifted Education Programme (GEP) pupils who are SC and have met the GEP promotion criteria will be eligible for the EESIS tenable at IS offering the Integrated Programme (IP) at S1. They will be offered the scholarship if they are successfully admitted and enrolled in the IP of an IS at S1.

- f. Singapore-MOE Award (SMA) - P6 GEP pupils who are not SC and have met the GEP promotion criteria will be eligible for the SMA tenable at IS offering the IP at S1. They will be offered the award if they are successfully admitted and enrolled in the IP of an IS at S1.
- g. GEP Fees Subsidy - P6 GEP pupils who have met the GEP promotion criteria will be eligible for the GEP Fees Subsidy tenable at IS offering school-based special programmes (SBSP) in the GCE 'O' Level track. They will be offered the subsidy if they are successfully admitted and enrolled in the SBSP of an IS at S1.

5 CONSIDERATIONS WHEN MAKING S1 OPTIONS & CHOOSING SCHOOLS

- 5.1 In making S1 options and choosing secondary schools for their child, parents may consider the following factors amongst others:

- a. Academic Performance of the Child and Previous Year's Posting Aggregate Ranges of Schools - Parents may wish to opt for schools that take in pupils with an academic ability comparable to that of their child's. They may refer to the PSLE aggregate ranges of the previous cohort of PSLE pupils posted to S1 in each school as a guide (see Reference H). The PSLE aggregate ranges for schools are not pre-determined before posting, and can vary from year to year, depending on pupils' PSLE results and their school choices.

Parents may wish to include secondary schools that offer the respective HMTL in their school choices, if their child is eligible based on PSLE performance and wishes to offer HMTL in secondary school (see Reference B for a list of schools/designated centres and Language Centres offering the respective HMTL).

- b. Distance - Parents may choose schools near their home so that it will be more convenient for their child to travel to and from school (see Reference C for the schools listed by area).
- c. Affiliated Schools - Some secondary schools have affiliated primary schools. Pupils of such primary schools, who want to continue education in the affiliated secondary school, must indicate that school as their first choice in order to enjoy priority for admission to that school. Being accorded priority for admission to affiliated secondary schools does not guarantee admission, as it is subject to the availability of places in these schools. Furthermore, some secondary schools may set additional qualifying criteria for admission of pupils from their affiliated primary schools.

[For information: For dual track schools offering both IP and 'O' Level Programme, affiliation considerations will only be given for the 'O' Level programme]

- d. Special Assistance Plan (SAP) Schools. SAP schools nurture pupils proficient in both English language (EL) and Chinese language (CL), and with a good understanding and appreciation of Chinese culture. Pupils who have taken both EL and CL at the PSLE may opt for SAP schools during the S1 posting exercise, and they may be posted to these schools if they meet the school's cut-off PSLE aggregate. Pupils posted to SAP secondary schools should offer HCL (or CL, if available) to enable them to participate meaningfully in SAP school programmes (see Reference C for the list of SAP schools).
- e. Programmes/Schemes Offered by Secondary Schools - There are various programmes and schemes offered in the secondary schools (e.g. Integrated Programme, Art Elective Programme). Pupils may wish to include schools that offer the programmes/schemes that they are interested in as their school choices. Please refer to the "*Secondary School Education*" booklet for more information on these programmes/schemes. For example, pupils who wish to offer Tamil Language (TL) within curriculum time should include schools offering it (see Reference D for the list of schools offering TL).
- f. Special Needs of the Child - Some secondary schools have special facilities and resources to support pupils with special needs (e.g. physical disabilities, autistic spectrum disorder, dyslexia, hearing impairment, visual impairment). Parents may wish to include such schools in their choices, if their child requires such special support (see Reference E for the list of such schools).

6 SUBMISSION OF S1 OPTION FORM

- 6.1 Parents are advised to indicate all the six secondary school choices, in order of preference.
- 6.2 Parents are advised to complete their child's S1 Option Form by indicating the secondary school and eligibility options, where applicable, prior to submission.
- 6.3 Parents can submit the completed S1 Option Form either electronically via the S1-IS or physically to their child's primary school during the S1 Option Phase (see paragraph 10.1 for important dates).

SUBMISSION ONLINE VIA S1 INTERNET SYSTEM (S1-IS)

- 6.4 Parents can submit their child's secondary school and eligibility options via the S1-IS accessible at www.moe.gov.sg/education/admissions/secondary-one-posting/. They can log on to the S1-IS anywhere (with internet access) and at anytime within the S1 Option Phase; such parents need not make a physical trip to their child's primary school (see Reference F for a step-by-step guide on using the S1-IS).
- 6.5 Parents are strongly advised to print and retain a copy of the Verification Slip (VS) after submitting their child's options on the S1-IS. Parents should note that if they are unable to view the VS, their child's options may not have been submitted. In such cases, parents should log on to the S1-IS again to confirm the status of their submission.

SUBMISSION PHYSICALLY VIA PRIMARY SCHOOL

- 6.6 Parents, including those without internet access, may also submit the completed S1 Option Form to their child's primary school during the S1 Option Phase. Parents are advised to ensure that the entries in the S1 Option Form are correct and legible.
- 6.7 Parents who require assistance in completing the S1 Option Form may seek assistance from their child's primary school. The school staff will key in the options into the system and issue a Verification Slip (VS) endorsed with the school stamp. Parents should check the VS to ensure that the options entered are correct and inform the school staff immediately if there are any discrepancies. Parents are to sign on the VS after checking.
- 6.8 Parents and pupils who are not in Singapore to submit their child's secondary school and eligibility options may authorise a proxy to submit the completed S1 Option Form to their child's primary school on their behalf.

SECTION III: SCHOOL POSTING & POSTING RESULTS RELEASE PHASES

7 SCHOOL POSTING PHASE

- 7.1 Pupils are posted to secondary schools based on merit first according to their PSLE aggregate scores rounded to the nearest whole number. A pupil with better rounded aggregate score will be considered for admission first, subject to the availability of vacancies in the selected school. If there is no more vacancy, then the pupil will be considered for his/her next choice school(s).
- 7.2 Pupils with the same rounded aggregate score vying for the last place in a school will be posted based on their unrounded aggregate scores, followed by citizenship. The posting of candidates with the same citizenship will be determined by a computerised ballot where each candidate is given an equal opportunity.
- 7.3 Pupils who fail to get a place in any of their choice of schools will be posted to a school near their home which still has vacancies. However, they must have met the school's lowest PSLE aggregate. As such, parents are advised to update any changes in official residential address by the end of PSLE.
- 7.4 Pupils who indicate their affiliated secondary school as their first choice will enjoy priority for admission to that school. Being accorded priority for admission to affiliated secondary schools does not guarantee admission, as it is subject to the availability of places in these schools. Furthermore, some secondary schools may set additional qualifying criteria for admission of pupils from their affiliated primary schools.

[For information: For dual track schools offering both IP and 'O' Level Programme, affiliation considerations will only be given for the 'O' Level programme]

8 POSTING RESULTS RELEASE PHASE

- 8.1 The school posting results will be released in late-December. Pupils are to report to their posted secondary schools on the next working day after the release of the posting results.
- 8.2 Parents and pupils will be able to check the posting results via any of the following channels:
 - a. Short Messaging System (SMS) via applicant's local mobile number (if provided by applicants during the S1 Option Phase)
 - b. S1-IS (www.moe.gov.sg/education/admissions/secondary-one-posting/)
 - c. Going to the child's primary school

9 APPEAL FOR TRANSFER AFTER POSTING

- 9.1 MOE will consider appeals for transfer after the S1 Posting Exercise. Such transfers are subject to availability of vacancies and will only be considered for pupils with:
 - a. Serious medical conditions (e.g. chronic heart conditions, kidney problems)
 - b. Dyslexia and Autistic Spectrum Disorder
 - c. Physical disabilities (e.g. using wheelchair, crutches)

- 9.2 Such pupils should first report at the secondary school that they were posted to on the next working day after the release of posting results, and apply for school transfer there. All applications must be accompanied with the relevant supporting documents.
- 9.3 The results of the appeals will only be made known to applicants in end-December or early-January. Applicants should continue to attend lessons at their posted school while waiting for the results of the appeal. Applicants may check the outcome of their appeals with the secondary school that they were posted to.

10 IMPORTANT DATES

- 10.1 Below are some important dates (tentative) for 2011 PSLE pupils:

Key Event	Date (Tentative)
Release of PSLE Results	Between 24 November 2011 and 28 November 2011
Submission of Options a. Via S1 Internet System	7 calendar days starting from the release of PSLE results (e.g. if PSLE results is released on 24 November, options can be submitted from 24 November to 30 November). S1-IS is accessible 24 hours starting from 12noon on the first day until 3pm on the last day of S1 Option Phase.
b. Via Primary School	5 working days starting from the release of PSLE results (e.g. if PSLE results is released on 24 November, options can be submitted from 24 November to 30 November). Primary schools will not be opened on weekends. Submission starts from 12noon to 3pm on the first day; and 9am to 3pm on the last day of S1 Option Phase.
Release of S1 Posting Results	21 December 2011
Pupils to report to secondary schools for registration	22 December 2011 at 8.30am

- 10.2 The above information is provided to help parents plan their year-end schedule. If, for one reason or another, the pupils and parents are not in Singapore during the S1 Posting Exercise, the parents can authorise a proxy to act on their behalf to (i) collect their child's PSLE results and S1 Option Form from their child's primary school and/or (ii) submit the completed S1 Option Form to their child's primary school. For collection and submission at the primary school, the proxy would be required to produce the following documents for verification:
- Completed Proxy Form from the parent of the pupil (attached at front of this booklet)
 - Photocopy of the parents' NRIC (both sides)
 - Photocopy of the Birth Certificate of the pupil
 - Photocopy of the proxy's NRIC (both sides). Proxy is required to produce his/her original NRIC at the school when requested.

SCHOOLS & CENTRES OFFERING HIGHER MOTHER TONGUE, CHINESE (SPECIAL PROGRAMME) & MALAY (SPECIAL PROGRAMME)

The following table lists the schools and designated centres that offer Higher Mother Tongue Language [HMTL, i.e. Higher Chinese Language (HCL), Higher Malay Language (HML) and Higher Tamil Language (HTL)], Chinese (Special Programme) [CSP] and Malay (Special Programme) [MSP].

Pupils offering HMTL/CSP/MSP will attend lessons at their own secondary school during curriculum time, if the school offers it (schools denoted by “√” and “#” in table below). Otherwise, they will attend lessons in a designated centre outside curriculum time (schools denoted by “#” are the designated centres).

Secondary schools have the flexibility to allow pupils who do not meet the criteria to offer HMTL to do so, if such pupils are assessed to have exceptional ability in MTL and are able to do HMTL without affecting their performance in other subjects. Schools/Designated centres offering CSP and MSP conduct lessons twice a week for two hours per session outside curriculum time.

Pupils with PD, Dyslexia or mild ASD who are not posted to an appropriate-resourced school listed above may apply for a transfer. Such pupils should first report at the secondary school that they were posted to on the next working day after the release of posting results, and apply for school transfer there. All applications must be accompanied with the relevant supporting documents, as follows:

- a. **PD** - An assessment of the pupil's condition and needs from a qualified medical professional. It should clearly describe the extent of disability (e.g. temporary, permanent) and the type of assistive device that the child is currently using (e.g. wheelchair, crutches).
- b. **Dyslexia/Mild ASD** - A comprehensive report written by a relevant professional (e.g. psychologist, speech and language therapist). It should indicate the nature of the disability with supporting evidence for the diagnosis and provide clear description of the pupil's current functioning and limitations, together with recommendations for support and intervention. Other documents may include a school report from the pupil's primary school providing additional background to his/her condition and any other relevant documents. MOE will consider appeals for transfer to a school resourced to support Dyslexia/mild ASD only if that school is included as one of the pupil's original choice of secondary schools.

GUIDE TO S1 INTERNET SYSTEM

1 SUBMISSION VIA S1 INTERNET SYSTEM (S1-IS)

The steps for the online submission of the S1 Option Form via the S1-IS are the same for all eligible pupils.

STEP 1: S1-IS LOGON PAGE (refer to Screen Shot 1)

MOE MASTERPLAN OF AWARDS

1 Introduction

1.1 The MOE Masterplan of Awards was instituted in late 1998 as part of the implementation of the School Excellence Model (SEM). It was expanded in 2004 to recognise schools more holistically and was further refined in 2009. The structure consists of the pinnacle School Excellence Award (SEA) and School Distinction Award (SDA), as well as six different award types as shown below.

Award	Award Description
School Excellence Award (SEA)	The SEA is the highest and most prestigious award in the Masterplan of Awards framework. It serves as a mark of distinction for schools that have achieved overall systemic excellence in both academic and non-academic outcomes.
School Distinction Award (SDA)	The SDA gives recognition to schools that have sound processes and practices. It is a key milestone in a school's journey towards achieving the SEA.
Special Award - Lee Kuan Yew National Education Award	The Lee Kuan Yew National Education Award is the pinnacle of the National Education Awards for schools. It gives recognition to schools with exceptional National Education programmes.
Special Award - Lee Hsien Loong Award for Innovations in the Normal Course	The Lee Hsien Loong Award for Innovations in the Normal Course (LHL AIN) gives recognition to schools that have implemented innovative practices and raised the quality of education in the Normal Course. The focus of the LHL AIN is on innovation in teaching and learning, school management and organisation as well as student development in the Normal Course.

Award	Award Description
Best Practice Award (BPA)	The BPA gives recognition to schools with effective practices and systems that lead to desirable educational outcomes. It is part of the continuing roadmap to motivate schools to manage for excellence. There are three award categories: Student All-Round Development, Teaching and Learning and Staff Well-Being.
Outstanding Development Award (ODA)	The ODA gives recognition to schools which have put in innovative, effective and sustainable systems and processes that provide for holistic education for students. It also recognises schools with excellent levels of collaborative partnerships with stakeholders. There are three award categories - PARTNERS ¹ , Character Development and National Education.
Sustained Achievement Award (SAA)	The SAA gives recognition to sustained achievement in academic and non-academic areas over a number of years. It provides a systematic and progressive framework for our schools to be recognised for their efforts as we move towards providing an ability-driven education. There are five award categories - Academic Value-Added, Aesthetics, Sports, Uniformed Group and CHERISH ² .
Development Award (DA)	The DA gives recognition to schools which have put in place systems and processes that provide for holistic education for students. It also recognises schools for their collaborative partnerships with stakeholders. There are three award categories - PARTNERS, Character Development and National Education.
Achievement Award³ (AA)	The AA gives recognition to schools for their achievements in academic and non-academic areas in a single year. There are five award categories - Academic Value-Added, Aesthetics, Sports, Uniformed Group and Joint HPB-MOE CHERISH. The AA in the categories of Aesthetics and Sports refer to the awards won by schools at the various competitions such as the Singapore Youth Festival Central Judging and the Zone/National Championships.

¹ PARTNERS Awards will be conferred under the Masterplan of Awards from 2012 onwards.

² SAA (CHERISH) is given out biennially as the award is valid for 2 years.

³ The Achievement Awards of individual schools are listed in the respective school's information page.

2 School Achievement Tables and Honour Roll

- 2.1 Since 2004, the academic ranking lists have been replaced with School Achievement Tables which present information on schools' performance in various academic and non-academic domains. In addition, the Honour Roll for schools that have done well in the different areas under the Masterplan of Awards is also published.
- 2.2 This information on schools' performance is for reference by parents and pupils when making a choice on the selection of secondary schools. Parents and pupils may also refer to the School Information Services website at www.moe.gov.sg/schdiv/sis or school websites maintained by the individual schools for this information.
- 2.3 The key features of the School Achievement Tables are as follows:
- Schools that receive the School Excellence Award (SEA, denoted by ⌘) and School Distinction Award (SDA, denoted by ⌘) are indicated in the third column. These awards give recognition to schools with excellence in school processes and outcomes.
 - Other awards won by schools such as the Special Awards, Best Practice Award (BPA), Outstanding Development Award (ODA), Development Award (DA), Sustained Achievement Award (SAA) and Achievement Award (AA) are indicated in the remaining columns. For these awards, a clear star (☆) refers to DA and AA, while a solid star (★) refers to the Special Awards, BPA, ODA and SAA.
 - The last column shows the schools' GCE O-Level bands based on their 2010 GCE O-Level Examination results.
- 2.4 The 2011 School Achievement Tables for the Special/Express course and the Normal course can be found at Tables G-1 and G-2 respectively. These tables display schools in the first 9 bands for Special/Express course and the first 5 bands for Normal course. Schools that offer the Integrated Programme (IP) and those with no or small candidature, i.e. fewer than 40 pupils, are excluded from the tables (refer to Table G-3).

3 Honour Roll

- 3.1 The Honour Roll presented in Tables G-4 to G-9 highlights schools that have been conferred awards under the Masterplan of Awards:

Table	Description
G-4	The schools listed are recipients of the School Excellence Award or School Distinction Award in 2011.
G-5	The schools listed are recipients of the Special Awards - Lee Kuan Yew National Education Award or Lee Hsien Loong Award for Innovations in the Normal Course.
G-6	The schools listed are recipients of the respective categories of Best Practice Award in 2011.
G-7	The schools listed have achieved either an Outstanding Development Award or a Development Award for National Education or Character Development in 2011.
G-8	The schools listed have achieved academic value-added results in the GCE O-Level Examination in 2010.
G-9	The schools listed have achieved sustained results in at least one category of the Sustained Achievement Awards in 2011.
