

**Specialised Schools for Normal (Technical) Students (SSNTs)**

Crest Secondary School and Spectra Secondary School are SSNTs set up to provide an additional educational pathway for N(T) students. The schools offer a four-year customised programme that will prepare students for subsequent studies in ITE or employment.

**ITE Skills Certificate (ISC)**

All SSNT students are required to take one of four ISC courses at upper secondary: Facility Services, Hospitality Services, Mechanical Services and Retail Services. These ISC courses are aligned with *Nitec* courses or industries that students can join after graduation.

*Nitec Courses Directly Mapped from ISC Courses*
