

CHANGES TO POLYTECHNIC ADMISSIONS FOR A-LEVEL GRADUATES

*Currently, most A-Level graduates apply for and enrol in a polytechnic in the year following the release of their A-Level results, as the bulk of polytechnic admissions would have closed by the time the GCE A-Level examination results are released. As such, an A-Level graduate from the 2018 cohort who received his/her results in February 2019 would graduate from polytechnic in 2023. With the changes, the same individual would graduate in 2022 instead.
