

### Details of ExCEL Fest 2021 Virtual Exhibition

ExCEL Fest 2021 Virtual Exhibition features 79 booths, divided into three zones:

Zone	Description
(i) Teaching & Learning (48 booths)	Innovations related to pedagogy, subject-based strategies, and learning environments that enrich student learning and development.
(ii) Work Processes (16 booths)	Innovations related to administration or operations that lead to improved efficiency, time and cost saving, which benefit students, staff, school, or agency.
(iii) EdTech (15 booths)	Innovations in leveraging educational technologies for teaching and learning to prepare future-ready and responsible digital learners.

### Online Interactive Sessions

ExCEL Fest 2021 will also feature Online Interactive Sessions on 18 MOE Innergy Award-winning projects. These are online sessions that feature presentations by nominated project participants, who will also address questions from participants through a Q&A segment. The sessions provide a more focused and interactive setting for participants interested in learning from award winners.
