

Background Information on Regeneron ISEF 2022

There are 21 scientific categories in Regeneron ISEF 2022. Within each category, top projects were presented Grand Awards. In addition, the ISEF Special Awards were presented by various supporting organisations that represent a wide variety of scientific disciplines. For more information on Regeneron ISEF, the judging process, and details of the award categories, please refer to: <https://www.societyforscience.org/isef/>
