

SPERS and SPE Format

Eligibility Phase – Applicable to SPERS-Sec, SPE & SPERS-JC/MI

1. SPERS-Sec and SPE: Under the Eligibility Phase, eligible applicants will sit for English and Mathematics tests to determine the schools they would be eligible for. Besides assessing applicants' literacy and numeracy skills, the tests will also include non-content-based general ability items which assess reasoning and thinking skills. This will provide a more holistic assessment of RS who have attended overseas schools with curricula different from Singapore's.
2. Based on their performance in the tests, applicants will each be provided with a list of schools that they are eligible to apply for. This will ensure that RS are of similar abilities to the students in the schools that they are applying to.
3. SPERS-JC/MI: Under the Eligibility Phase, eligible applicants will sit for the English, Mathematics and General Ability tests to determine the schools they would be eligible to apply for.
4. As the number of RS seeking admission to JC/MI is usually small, there is no need for MOE to conduct a centralised posting exercise for this group. Hence, there is no School Option Phase or School Posting Phase under SPERS-JC/MI. After the RS receive the list of JC/MI they are eligible to apply for, they can approach that JC/MI to complete the admission process.

School Option Phase – Applicable to SPERS-Sec and SPE Only

5. During the School Option Phase, applicants will be required to submit their school choices online. Applicants can submit a maximum of six choices based on the list of eligible schools given to them.

School Posting Phase – Applicable to SPERS-Sec and SPE Only

6. During the School Posting Phase, some additional school places are set aside for RS so that they have an opportunity to seek admission to a secondary school of their choice.
7. During the School Posting Phase, MOE will take into account the performance of the RS in the SPERS-Sec or SPE tests, their school choices, and the places available in these schools. In the event that an applicant is not successfully posted to any of the chosen schools, MOE will assign the applicant a place in a secondary school with vacancies as near to the applicant's residence as possible.
8. After receiving their posting results, applicants should complete the admission formalities at their posted school. If they choose not to accept the posting, they can approach another school directly. The school will consider the application, subject to the availability of vacancies and suitability of the applicant.
