## Supporting Your Child on PSLE Results Release Day

Here are **3** ways you could support your child as they collect their results.

### 1. Encourage

Acknowledge your child's anxieties and share that the PSLE is just a checkpoint and education is a lifelong journey with multiple pathways.

### 2. Celebrate effort

Recognise your child for giving their best and tell them how proud you are of them.

### 3. Focus on your child

Affirm your love for them regardless of the outcome and guide them to choose secondary schools that cater to their strengths, interests and abilities.

~The PSLE is not the finishing line.  
It is part of our children's education journey.~
