Call-to-action for Industry and Community Partners for the Polytechnics and ITE

The polytechnics and ITE recognise the importance of strong industry and community partnerships and are looking for industry and community partners who are willing to be engaged to curate quality workplace exposure opportunities for students and contribute to the holistic ecosystem of support for students by partnering or volunteering with the institutions.

Should you wish to explore partnerships and collaborations with the polytechnics and ITE, you may approach the institutions directly based on the contact information provided below.

Thank you.
