

Comprehensive Action Review Against Bullying

Key recommendations across 4 areas

Enhance Values Education

- 
1. Strengthen values education by using more engaging teaching strategies and real-life scenarios
 2. Empower students to lead their peers and shape prosocial norms

Strengthen School Culture and Processes

- 
3. Deepen a culture of kindness and respect in all schools
 4. Strengthen school policies, processes and reporting channels to address hurtful behaviours and bullying in a timely and consistent manner
 5. Strengthen management of cyber-related incidents

Deepen School and Staff Capacity

- 
6. Provide needs-based funding for schools to procure manpower services
 7. Enhance professional development for educators

Enhance School-Home-Community Partnerships

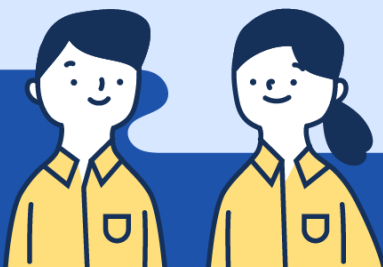

- 
8. Deepen partnership with parents to strengthen values education at home, support their children and work with schools
 9. Strengthen partnerships with the wider community

Addressing Hurtful Behaviours and Bullying

A Whole of Society Effort

Students

- Understand the impact of unintended hurtful behaviours
- Learn from more engaging CCE lessons with real-life scenarios and role-play
- Deepen empathy and conflict management skills
- Influence peers positively to create a kinder and more respectful environment
- Stand up against hurtful behaviours and bullying, both online and offline
- Report incidents when they occur

MOE & Schools

- Strengthen school culture that promotes kind and respectful behaviours
- Enhance school's approach to managing hurtful behaviours and bullying
- Provide more safe and accessible platforms for reporting student well-being concerns
- Engage parents promptly when incidents happen
- Provide stronger support for affected students when incidents happen
- Provide schools with additional resources

Parents & Community

- Have regular conversations with your child about showing kindness and respect to all
- Support your child to grow from their experiences
- Monitor your child's online and offline interactions, talk to your child, and share concerns with the school
- Work collaboratively with the school when incidents occur
- Work hand-in-hand with schools to reinforce anti-bullying messages and role model positive behaviours

Recommendations arising from the review were consolidated after engaging about 2,000 students, parents, educators and professionals.
