You can make your child’s meal healthier by cooking with less fat.

- Use a non-stick pan
- Use only a little oil to cook food
- Drain off extra oil from food after deep frying
- Use low fat milk instead of full cream/coconut milk to cut down the amount of fat by half
- Take away the top layer of oil from soups and stews
- Trim all visible fats from meats and remove skin from chicken/duck
- Look for foods with “reduced fat” content
- Reduced Fat
