How to apply	For all general education schools* You can apply online via Student Finance System (SFS) using your SingPass. If you have children in different general education schools*, you only need to submit one application. You will be informed of the application outcome via SFS. If you need help in applying, you may approach any of your children's schools for help. * Government and government-aided schools, independent schools, specialised schools and specialised independent schools (i.e. NUS High School of Mathematics and Science, and the School of Science and Technology) Note: If your child is studying in a special education school, School of the Arts or Singapore Sports School, please check with his/her school separately on the available subsidy schemes and mode of application.
Additional financial assistance	If you are not eligible for MOE FAS, your children's schools will automatically consider supporting your children through their school-based financial assistance scheme. This is evaluated by the respective schools on a case-by-case basis. There is no need to make a separate application for school-based financial assistance, and the schools will inform you of the outcome via SFS. Students from low-income households who are interested to apply for subsidised broadband and/or laptop/tablet under IMDA DigitalAccess@Home can apply via https://www.imda.gov.sg/how-we-can-help/digital-access-at-home or contact 6377 3800 or e-mail: digitalaccess@imda.gov.sg. Besides financial assistance schemes, MOE has merit-based awards and scholarships that your child may also qualify. Learn about it.
