

Indicative Home-School Distance Categories for Kranji Primary School's new campus in Tengah for the 2027 Primary 1 Registration Exercise

The indicative home-school distance categories listed below are computed using the latest set of residential data for the 2026 Primary 1 Registration Exercise. These categories are indicative because home-school distance can change from year to year, for example, when updated building plans are submitted with changes to the building outline, or when school boundaries change. Parents should check the Singapore Land Authority's OneMap School Query in the year of the child's Primary 1 Registration Exercise to verify the home-school distance category of their address to the school.

Note: Not all the addresses shown below are residential addresses. Addresses have been arranged by home-school distance category and postal code.

| <b>Block/<br/>House<br/>Number</b> | <b>Road Name</b>      | <b>Postal<br/>Code</b> | <b>Indicative Home-School<br/>Distance Category based<br/>on the residential data<br/>for the 2026 Primary 1<br/>Registration Exercise</b> |
